1 kw. immersion heater with
thermostat control or available
without heating arrangement
SIZE :
As per your requirement
USE :
To keep Idlies fresh & warm

GLASS TRAY

MATERIAL :
16 gauge stainless steel or
14 gauge aluminium sheets used,
height 3" provided with
40 mm MS pipe stand
SIZE :
As per requirement
USE :
To keep glasses in safe conditions

BURSHANE STAND

MS Angle stand with MS cover top
1" x 10 gauge weld-mesh,
Angle shelves with locking
arrangement, 3/8" MS square pipe
Direct connection through pipe is
possible from this cylinder stand

DOSA BHATTI

MATERIAL :
12 mm. MS plate Top,
40 mm. MS pipe stand, kerosene
or Burshane gas burners.

SIZE :
As per requirement

USE :
To prepare any type of Dosas

GAS KEROSENE BHATTI (Cooking range)

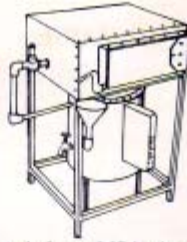

MATERIAL :
10 mm. MS plate Top is used
with angle ring, 40 mm. MS pipe
stand covered with Aluminium
sheet, two aluminium trays are
provided for keeping Bhatti clean

SIZE :
As per requirement

USE :
Can be use by kerosene,
Burshane or even Diesel , ,
Burners are provided if required.

IDLI MACHINE

MATERIAL :
Standard material, 6 mm MS boiler
plate for boiling water steamless pipe
is use to transfer steam into Idli cooker
3 Idli Trays, safety valve, water level
tube is provided, Idli cooker is made
out of 16 gauge stainless steel

SIZE :
Available in standard size

USE :
To prepare delicious Idlis.

CHINESE BHATTI (cooking range)

MATERIAL :
As per Gas/Kerosene bhatti
Gas range has back screen and
one overhead shelf of Aluminium
& drainer is provided.
